

TYPE CSV

Circular Soffit Ventilator

- Superior airflow 2,100m²
- New and existing work applications
- Rotate for visual or non-visual appearance
- Insect screening
- Easy regulation compliance

Solution

The upgraded CSV Circular Soffit Ventilator may be introduced into new soffits or existing soffits. It permits easy and quick upgrading of existing structures.

The unique injection moulded ventilator has a deflecting louvred face, promoting positive air entry and insect screening. Unlike a standard ventilator, the CSV may be installed with louvres facing outwards or inwards. Inward facing can give the impression of a continuous unpenetrated soffit when a CSV of a matching colour is fitted. Fit at approximately 200mm centres to achieve ventilation equivalent to 10mm continuous opening.

G20 Carpentry / timber framing / first fix

Type CSV Circular Soffit Ventilator by Cavity Trays of Yeovil Somerset BA22 8HU (01935 474769). Colour _____. Build into circular holes cut in soffit at specified centres Number _____.

Product name	Type CSV Circular Soffit Ventilator
Size	70/79 x 15mm
Free airflow rating	2,100m ²
Colours	White, Black or Brown
Material	Polypropylene
Observations	Requires 70mm hole

TYPE CRSV

Circular Recessed Soffit Ventilator

- High airflow
- Reduces number of soffit apertures
- Insect screening
- New and existing work applications

Solution

The CRSV differs from the standard CSV as it has a deep body that protrudes up into the soffit box. The airflow apertures are positioned around the sides of the deep body ventilator rather than through the top. This arrangement results in a far greater airflow rating per ventilator. Thus a lesser number are required to fulfil the statutory airflow levels. Fit at approximately 330mm centres to achieve ventilation equivalent to 10mm continuous opening.

Type CRSV Circular Soffit Ventilator by Cavity Trays of Yeovil Somerset BA22 8HU (01935 474769). Colour _____. Build into circular holes cut in soffit at specified centres Number _____.

Product name	Type CRSV Circular Recessed Soffit Ventilator
Size	70/90 x 40mm
Free airflow rating	3420mm ² - suitable pitches 15 degrees upwards
Colours	Brown or Black
Material	Polypropylene
Observations	Requires 70mm hole
